PATTERNING MECHANISMS IN DEVELOPMENT

SOCIETY FOR DEVELOPMENTAL BIOLOGY

May 30 - June 4, 1996

VANDERBILT UNIVERSITY, NASHVILLE, TN

SOCIETY FOR
DEVELOPMENTAL BIOLOGY
ESTABLISHED IN 1939

Dear Colleague:

I am writing to invite you to join us for the 1996 Society for Developmental Biology (SDB) Annual Symposium to be held from May 30 to June 4 at Vanderbilt University in Nashville, TN.

The theme of the 1996 meeting will be "Patterning Mechanisms in Development". The meeting will feature a keynote lecture by Walter Gehring on the genetic control of eye development and evolution, the presentation of the 1996 Edwin G. Conklin Medal in Developmental Biology, plenary sessions entitled "Evolution of Developmental Mechanisms" (B. Swalla, Chair), "Signalling and Patterning Mechanisms" (B. Hogan, Chair), "Localization and Determinants" (W. Jeffery, Chair), "Patterning in Embryogenesis" (C. Wright, Chair), "Molecular Analysis of Regeneration" (S. Bryant, Chair), "Plant Development" (J. Croxdale, Chair), and "Molecular Basis of Organogenesis" (P. Krieg, Chair), minisymposia entitled "Fertilization and Egg Activation in Mammals" (R. Schultz, Chair), "Transcriptional Control of Development" (W. Klein, Chair), "Developmental Genetics" (E. Raff, Chair), and "Morphogenesis" (C. Erickson, Chair), and Workshops on Educational (J. Heady and R. Nuccitelli, Chairs) and Minority Issues. In addition to the usual poster sessions, the 1996 meeting will feature contributed papers selected from submissions by SDB members. The details for preregistration and submission of presentations for the poster and contributed paper sessions are included in this package.

I look forward to seeing you in Nashville.

SOCIETY FOR DEVELOPMENTAL BIOLOGY
55th. Annual Symposium

May 30 - June 4, 1996
Vanderbilt University, Nashville, TN

SYMPOSIUM REGISTRATION INFORMATION

The Registration Fee for all Symposium Participants includes:

- * Entry to all Scientific Sessions
- * Entry to Exhibits
- * Welcome Reception
- * Concluding Banquet
- * Mixers at Posters
- * Refreshment Breaks
- * Program and Abstract Book
- * Participants Directory

HOUSING AND MEAL REGISTRATION INFORMATION

Inexpensive and comfortable housing is available on the VU campus within a short walking distance of the Symposium site. Campus housing is sold as a package plan only: five nights starting Thursday (May 30) night and ending Tuesday (June 4) noon. The package plan includes four breakfasts and four lunches, from Friday to Monday, all served at a nearby cafeteria. Single or double rooms are available. Rates for Housing/Meal package are on the enclosed registration form. Please copy registration form if necessary.

Guests accompanying the Symposium participants may have their own room or share a room with the Symposium participant, and rates are included in the registration form.

There will be a \$25 charge for any unreturned room keys.

The pre-registration deadline for on-campus housing is April 4, 1996. Registration requests received after that date are subject to availability. Refunds are available only for housing/meal plan cancellations made in writing and received by the **SDB** National Office before May 15, 1996. Room assignments will be issued on-site.

Subject to room availability, symposium participants and accompanying guests may stay in campus housing before and after the conference. Room rates per person, per night, for these additional nights are noted on the registration form. Please note: Additional nights do not include meals.

RECREATION

All Campus housing is located near University recreation centers which offer an indoor Olympic size pool, racquetball, basketball, squash, badminton, tennis, and volleyball courts. Tennis courts are located next to the housing complex (please bring your own racquet and balls). In addition, there are areas for aerobic and weight training, rock climbing, wrestling, gymnastics, indoor and outdoor running tracks, table tennis and pool. All recreation facilities are free for registered participants.

Vanderbilt is located in the beautiful historic city of Nashville. You will find this city to be a splendid melange of historic architecture and southern charm with modern buildings and the culture of a major performing arts metropolis. Nashville boasts dozens of dinner theaters, music and dance halls such as the Grand Ol' Opry, and gourmet and home-style meals, all in the friendly southern tradition. Surrounding areas offer opportunities for hiking, whitewater rafting and kayaking.

Information Regarding Poster Presentation

- The poster board size is approximately 4' by 6'.
- A label with the title, authors, and affiliations should be posted on the top of the poster space.
- Charts, drawings, and illustrations should be easy to read from about a 3 foot distance.
- Post a copy of your abstract if desired.
- Do not write or draw on the poster boards.

Presenters wishing to use a VCR **must** include a written request with their abstract submission. Presenters will be billed for electrical hookup and equipment rental. Fees must be paid in advance, before equipment is delivered.

One of the 1995 poster judges recommended the following reference on presentation of posters: John D. Woolly, (1989). " *Combating Poster Fatigue: How to Use Visual Grammar and Analysis to Effect Better Visual Communication*," Trends in Neuroscience, vol 12 (9):325-333.

Information Regarding Poster Competition

Eligibility requirements are:

- 1) The **first** author must be a current SDB member and an undergraduate, or a graduate student, or a first, second, or third year postdoctoral fellow.
- 2) The submitted abstract must have a check in the box requesting participation in the poster competition.

Guidelines for evaluating the posters:

- 1) Quality of Science:
 - Logic and motivation for study
 - Documentation of results
 - Quantification
 - Conclusions appropriate from the data
 - References cited where necessary
- 2) Impact on the field
- 3) Innovativeness of approach
- 4) Usefulness of a new technique
- 5) Appropriateness of the study organism for addressing the issue
- 6) Clarity of presentation and ease of reading
- 7) Number of authors on the poster
- 8) Whether the first author is a student or a postdoctoral fellow
- 9) The intellectual input of the first author (judged in part by talking to the author and in part by analysis of other posters from the same lab).
